

GetOptInStatusList

Last Modified on 11/01/2017 10:13 am CDT

Overview

Returns the Opt In Status of all email addresses in an account via an http form post. R

Notes

Email Opt In Status is stored in the account, and not tied directly to a contact. Deleting a contact or changing a contact's email address will not change the opt in status for the email address.

If an email address is not listed in this API function, then it's status is **"Unknown"**

WARNING: This command can return a large amount of data. Please plan accordingly.
